Case No. C08-1310RSL

ORDER STAYING DISCOVERY AND
CASE MANAGEMENT DEADLINES

14 On December 31, 2008, the Court entered a case management order in the above-
15 captioned matter. Pursuant to that order, the deadline for filing a motion for class certification is
16 April 7, 2009. Because the Court is currently considering a motion to transfer venue, a motion
17 to compel arbitration, and various motions to dismiss (at least one of which appears to have
18 merit), discovery and all pending case management deadlines are hereby STAYED. Defendants'
19 motions for a protective order (Dkt. # 80, # 81, and #82) and plaintiffs' motion for an extension
20 of time in which to file the class certification motion (Dkt. # 107) are DENIED as moot.
